## [Adding a player to the team](#)

1) To add a player manually to the team you have to go to „**Competition**“ -> „**My Player Profile**“ -> „**Teams**“ again like in the previous part. Click on the button  on the right site to add a player on the team.

2) Now click on „**Roster**“ in the gray menu.

3) On the bottom you can find „**Invite Player**“ and „**Add Player**“

### - Invite Player

„**Invite Player**“ is here if the player you want to invite has to be asked before. He can after accept or decline the invite. To invite a player just enter the nickname which he has registered at the homepage. The player will get an email to accept or decline the invite.

### - Add Player

„**Add Player**“ will add a player right to the lineup without asking him. This means he also will get no email and will now be allowed to play. This is useful if the other player doesn't use the homepage account active. Just enter the nickname which he has registered at the homepage and the player will be added to the lineup.

## [Accepting an invitation](#)

1) Click on the Link which you have received via the email. Login and click on „**Accept**“ or „**Decline**“. You will be added or removed from the team. If you decline the invitation the team leader will get an email that you have not accepted the invitation.

## Joining a team using the team password

- 1) Login with your account and go here: „**Competition**“ -> „**My Player Profile**“ -> „**Teams**“ like showed in the previous parts. You will find 2 things there: **Creating a Team** or **Join a Team**. In the Join a Team part you can choose your team out of the drop-down list and enter the password the clan leader has set. Click on join and you will be added to the Team's Lineup!

## Remove a player from the team / Cancele an Invite

- 1) To remove a player from the team „**Competition**“ -> „**My Player Profile**“ -> „**Teams**“ again like in the previous part. Click on the  button on the right site to remove a player.
- 2) You can now see this button  on the right side. Search the player you want to remove and click on it. You will now see which player you want to remove. If you are sure that you want to remove click on „**Delete**“!
